

City Of Campbell Would Get \$68,000 In State Subventions And Grants

A partial report by the revenue and taxation committee of the committee for Campbell incorporation indicated that the city of Campbell would receive approximately \$68,000 from the State of California in the form of subventions and grants during the fiscal year. The report, compiled for the committee by Leslie Kerr, was submitted on the basis of the approval of the area selected by the boundary committee and using 10,000 as an estimated population figure. The following is the text of Kerr's report:

SUBVENTIONS & GRANTS

After incorporation, the city of Campbell will receive substantial annual amounts from the State of California in subventions from state collected revenues.

On the basis of an estimated population of 10,000 and approval of area selected by boundary committee, the principal subventions to be received by Campbell should amount to approximately:—

(a) Gasoline tax	\$28,700
(b) Motor vehicle license ("In Lieu") tax	36,900
(c) Alcoholic beverage control act	3,000

Total for a fiscal year\$68,600

The allocations to a city of gasoline tax and "In Lieu" license fees are based upon the ratio of each city's population to the total population of all California cities.

The statutes governing these apportionments provide that, in the case of a newly incorporated city, the figure of population shall be computed for this purpose by multiplying by three the number of registered electors residing within the newly incorporated area. Chapter 633, Statutes of 1951, which becomes effective September 22, 1951, provides the alternative method of establishing for apportionment purposes through a special determination made by the U.S. Bureau of the Census.

In the event of necessity for use of registry of electors as a base for allocation of subventions, the incorporating committee as well as the public, should realize that failure to register a voter will result in a revenue loss to the city of Campbell of at least \$19.68. This amount is an estimate prepared by the Division of Highways to cover fiscal year ending June 30, 1952. The figure includes \$2.87 from gasoline tax and \$3.69 from "In Lieu" taxes. In this connection it should be understood that amounts will vary each year, depending on population and revenues available for distribution.

GASOLINE TAX

Proceeds from 5/8 of one cent of the tax on gasoline are transferred to cities under provisions of the Collier-Burns Highway Act of 1947. Such allocations are credited to a reserve in the State Highway Fund, and may be expended only for budgeted street projects approved by the Division of Highways.

At least 3/5 of the city's allocation must be used for construction of major streets, and no over 2/5 of this money may be used for maintenance of streets, and may be used on any street within the city area in accordance with a budget approved by Division of Highways.

Santa Clara County's share of the gasoline tax is based on registered vehicles and maintained road mileage while the share allotted to Campbell is based on the ratio of its population. Thus the county's apportionment would be reduced only slightly by Campbell's incorporation due to a nominal area change.

MOTOR VEHICLE LICENSE ("IN LIEU") TAX

Every owner of a motor vehicle in California is required to pay, in addition to a flat registration fee, a license fee based on age and original cost of the vehicle. After certain deductions to cover cost of administration, the balance of the proceeds from the license fees is distributed to the cities and counties. No division is made of the registration fees, all of which is retained by the State.

Fifty percent of the money is paid to the cities, each city receiving an amount proportional to the ratio of its population. Thus Santa Clara County's share of these funds would not be affected by incorporation of Campbell as a city.

Monies received from this source must be used for a State purpose. Law enforcement, traffic control, sanitation, and street maintenance, among others, are considered as State purposes.

ALCOHOLIC BEVERAGES

All liquor license fees collected by the state, less certain deductions, are returned to the cities and counties in which they were collected. The city of Campbell will thus receive approximately all fees paid by licensees within its incorporated area.

Licenses are required for On and Off-Sale of liquor, wines and beer. The Liquor Control Division State Board of Equalization, has jurisdiction in the premises.

A definite finding cannot be made at present, but the consensus of opinion seems to indicate that Campbell will receive in the neighborhood of \$3,000 from this source during first year of operation as a city. At present this money is paid to Santa Clara County.

Unlike subventions received with the gasoline tax and motor-vehicle licenses, there is no restriction as to use of proceeds from liquor licenses. All such monies may be deposited in a general fund and utilized for local governmental purposes.

CITY OF CAMPBELL

The estimate of 10,000 population for Campbell is only a rough approximation and cannot be supported by any accurate details. This figure represents an electorate of 3,334 persons. Undoubtedly this figure will be modified after the actual number of registered voters is ascertained. In any event, it is reasonable to assume that the city will receive about \$7.00 per unit of computed population from State grants.

Comparisons with other cities is shown by following tabulations:

Receipts from subventions and grants for year ending June 30, 1950.		Received from		*Population		Receipts Average

San Jose Man Hits Police Car

Joseph Baptist Cianciarulo, 499 Clifton Avenue, San Jose, was taken to O'Connor's Hospital following a cerebral hemorrhage which resulted in an auto crash with Highway Patrolman Russ Mariotte at 11 a.m. Thursday.

The highway patrol office reported that officer Mariotte had been conveying the moving of a mobil home on the San Jose-Los Gatos Highway at the intersection of Dry Creek Road when he noticed Cianciarulo's car veering off the road toward him. Mariotte placed his patrol car in reverse and tried to back out of Cianciarulo's way but was unable to attain speed enough to avoid the other car.

Mariotte stated that he noticed the driver of the vehicle seemed to be in a trance and unable to operate the controls of his auto. Subsequent investigation by the highway patrol and a physician's report showed that Cianciarulo was undergoing a stroke just prior to the crash.

Cianciarulo's vehicle was traveling at approximately 25 miles per hour when it struck the highway patrol car. Superficial damage was sustained by both cars.

No report on Cianciarulo's condition was available, but investigation showed that he has a record of several attacks. He is 70 years old.

A GROWING NEWSPAPER IN A GROWING COMMUNITY

Volume 57, Number 40

CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA

Friday, August 3, 1951

ADDITIONS TO LIGHTING DISTRICT WILL BE COMPLETED ON SCHEDULE

Leonard Kronkite, representative of the Pacific Gas and Electric Co., stated this week that the additions to the Campbell lighting district will be completed according to schedule in September. Additions to the lighting district known as the "Whiteway" were approved by the Santa Clara county board of supervisors last February. The additions, which include lights every 75 feet along Campbell Avenue from the San Jose-Los Gatos Highway to a point west of Milton, and along Winchester Road between Rincon and Latimer, will cost \$8,000 and use two miles of wire. Upon completion, the district will have three different sizes of light globes.

Kronkite stated that any incorporation proceedings for the city of Campbell between now and the time of completion would not affect the lighting district in any way.

Incorporation of the city of Campbell would change the residential rates from a D-5 district to a D-4 or D-3 district with correspondingly lower rates. D-4 districts include such cities as Atherton, Alviso, Los Gatos, Menlo Park, and Mt. View. D-3 districts include such cities as Burlingame, San Carlos and Sunnyvale.

Should Campbell pass the proposed incorporation plan, savings to the public would amount to a total of \$101.29 per month, which would be passed on to the taxpayers. In domestic rates, the Campbell area residents would be offered the following rate reductions: in a D-4 district, service charge would be 53c per month as opposed to the present 58c. The first 40 kilowatt hours would be billed on the basis of \$3.71 per 100 hours against the present rate of \$3.92. The next 60 kilowatt hours would be billed on the basis of \$2.54 per 100 hours, opposed to the present rate of \$2.65. For the next 100 kilowatt hours, the rate would be \$2.12 on both the old rate and the D-4 district.

Should the incorporated city of Campbell be classed as a D-3 lighting district, the rates would be 53c service charge, \$3.39 per 100 for the first 40 kilowatt hours, \$2.44 per 100 for the next 60 kilowatt hours, and \$2.01 for the next 100 kilowatt hours.

Residential rates in incorporated areas are determined on a population basis.

Red Cross Drive Totals Pass \$200

Joaquin Payne, chairman of the Campbell chapter of the American Red Cross, stated this week that contributions for the special flood rehabilitation drive totalled more than \$200 by Wednesday night.

Payne said that the chapter had sent out more than 400 letters and that response had been exceptionally good.

The Campbell chapter is cooperating with the National Red Cross in a special fund drive to help families who have been left homeless by the recent Mississippi floods. The national chapter has already contributed one million dollars to the aid of destitute families and is asking an additional five million to continue the work.

Payne stated that the results from the drive locally were very satisfying, but he stated that the need for additional funds is still great. "This is a voluntary affair," Payne said. "And no quotas for the area have been set up." He said that no time limit had been set for the completion of the drive.

TWO CAMPBELL MEN JOIN REGULAR NAVY

Two more Campbell residents have been accepted for enlistment in the regular Navy through the San Jose Recruiting Office. They are Glen L. Armann, 18, son of Mr. and Mrs. H. R. Armann, 690 So. San Jose-Los Gatos Road, and Albert L. Negovan, husband of Mrs. Norma Negovan of 356 No. Central Avenue. Prior to their enlistments, Armann attended and graduated from Campbell Union High School, while Negovan is a graduate of San Jose Technical High School. Both were enlisted as Seaman Recruit, and sent to the Training Center at San Diego.

75 Children Enjoy Benefits Of Summer Musical Program Here

Approximately 75 students are enrolled in the summer music program sponsored by the parents of students and the Campbell school district. The program, under the direction of Richard Gordon, regular music instructor at the Campbell school, includes instruction for beginners, intermediate and advanced students.

Instruction in the summer musical program is broken into three parts: instruction in woodwinds, under the direction of George Currin; cello and string bass, under the direction of Mrs. Richard Gordon; instruction in brass instruments under the direction of Orrin Blattner.

George Currin plays first flute with the San Jose Symphony Orchestra and has played with many nationally-known orchestras. Orrin Blattner, instructor for the brass section, has won national recognition for the San Jose Symphony Orchestra. Mary Gordon was principal cellist in the San Francisco State College Orchestra.

The majority of the students attending the summer musical program are from the Campbell School District, although Cambrian, Moorpark and Mt. Pleasant School Districts are represented in the enrollment. Other students who attended Vallejo during the regular session of school and several students of San Jose parochial schools are also among the registrants.

The musical program was formed last year to continue instruction of students who were taking music during the normal session of school. The program includes instruction, playing together in orchestra, and individual and group practice. Parts of the program include talks by interesting musical figures and excursions to concerts but the main emphasis is placed on playing instruments.

The program is financed principally by tuition of the parents of students. The Campbell school, however, has made a sizeable grant to the program and permits the use of school facilities including the use of a school bus for excursions.

Instructors are paid on an hourly basis with the number of hours for each instructor determined after the main expense have been accounted for.

Announcement Is Made Of Sale Of Johns Jewelry

Announcement was made this week of the sale of Johns Jewelry, 52 East Campbell Avenue, to Peter Bliss. Bliss, a former resident of Sonoma, was the owner of

Peter Bliss

the Peter Bliss Jewelry Company prior to moving to Campbell.

Bliss, who is married and has two children, stated that he plans to expand the Campbell store with the addition of several new lines. He plans to handle nationally known lines of jewelry and small appliances, including Hamilton, Elgin and Bulova watches, Fostoria glassware, International Sterling, and 1847 Rogers Community silver.

Bliss stated that he plans to change the name of the store to Peter Bliss, Jeweler. Bliss has been in the jewelry business for 27 years. During that time he has spent many years as a representative of a national jewelry firm.

Orville Johns, who started Johns Jewelry as a watch repair shop in the Campbell Hardware Store five years ago, stated that he plans to move to Salem, Oregon, to investigate a larger store. He is married and has three children who attended Campbell schools.

Colored Pictures Shown To Kiwanis At Barbecue Meet

Members of the Campbell Kiwanis Club viewed colored picture slides of a trip by Kiwanis' Lt. Governor W. R. Morgan at a barbecue dinner held last Tuesday night at the Ray Bishop residence on Canyon Drive, Saratoga. The pictures were taken during Morgan's recent trip to St. Louis, Missouri, to attend the Kiwanis' International Convention.

Approximately thirty members saw slides of Morgan's trip which included trips to Oregon, Washington, and Montana. On his return, Morgan stayed several days in Louisiana before returning via the southern route.

During his after dinner showing of the slides, Morgan told the group of the business conducted at the convention. Morgan's wife and son accompanied him on the trip.

Rotary Sees Top Hatters Perform

Members of the Campbell Rotary Club were hosts Monday to Joann DeSoto's Top Hatters, a group of local and San Jose area girls who have formed an amateur majorette troupe.

Girls who participated in the program were Aileen Stephens, Georgina Manson, Rose Marie Freitas, Dorothy Freitas, Mary Ellen Geimer, Kathy Stanford, Judy Gould and Charal Bishop. Miss Gould is from Campbell.

It was announced at the luncheon meeting that next Monday's meeting will not be held. Instead, a joint meeting will be held with the Beverly-Burbank club on Tuesday, August 7, at 12:15 in Lou's Village.

On July 26, members participated in the Rotary Club's annual barbecue and golf game. From all reports, the members enjoyed their usual rollicking afternoon and evening.

Members will hold a board meeting next Monday evening.

Merchants' Committee Meets To Discuss Trading Stamp Program

Members of the merchants committee of the Campbell Chamber of Commerce met Monday night at the Campbell Furniture and Appliance Store to discuss methods of installing a trading stamp plan for use in Campbell stores. The meeting was presided over by Harold Estensen, chairman of the merchants committee.

Those present voted to divide

Campbell Lions Receive Charter Saturday Night

The Campbell Lions Club was officially dedicated at their charter night held last Saturday evening in the Mary Ann Gardens in San Jose. Approximately 300 Lions from all parts of northern California attended the meeting at which district governor Les Olson presented the charter to the Campbell group.

Olson stressed the importance of Lions to the community and told his audience of enjoyment members can expect as Lions and of the service which the club can do its community.

Los Gatos Lions club president, Mike Mickelsen, gave a welcoming address and then turned the meeting over to master of ceremonies Maurice Perstein. The invocation was given by Rev. Edward Townsend. Following dinner, District Governor Les Olson presented the new charter to President Landon Dodson of the Campbell Lions Club.

Tommy J. Nielsen, past international director, then installed the officers of the Campbell group. Those installed were Landon Dodson, president; George Kolze, first vice-president; Edward Carhart, second vice-president; Vernon James, third vice-president; Douglas Beatty, secretary-treasurer; Eldridge Thurmon, lion tamer and Anthony Cefalu, tail twister.

Members of the Los Gatos Lions Club charter night committee, who sponsored the Campbell Lions Club, were Harry Lincoln, Ed Fox, Mike Mickelsen, Jim Countryman, Johnny Smart, Fran Adams. Members of the Campbell Lions Club charter night committee were Ace agby, Les Norberg, Landon Dodson, and Doug Beatty.

Board Will Meet

Meeting of the board of directors of the Campbell Chamber of Commerce will be held Monday, August 6, at 8 p.m. in the Campbell Press building.

Chamber of Commerce secretary Forrest Reese reports that sheet rock siding in the interior of the new chamber of commerce office has been installed, and cement work has been completed. The sprinkler system has been installed and is now in operation.

FIVE NEW SCHOOLS PLANNED FOR CAMPBELL UNION SCHOOL DISTRICT

Tentative plans for the expansion of Campbell Union School District call for the construction of five new schools to provide adequate facilities for children already enrolled in the district. Plans for three of the schools, Quito, Rosemary and Cypress, have already been submitted to the authorities and, in the case of the Cypress school, have already gained the approval of some of the agencies which must pass on them.

Of the two other schools planned, construction of the school which will serve residents of Orchard Park is being held in abeyance pending determination of the progress of development of that section. Sites for both schools will be purchased, however, and plans will be drawn up so that construction may start as soon as the need is determined.

Plans for the Cypress School, to be located south of Stevens Creek Road, have received the approval of the State Division of Architects. Approval of the plans by the State School Planning board is expected within the next few days. Plans and specifications have been submitted to the department of finance and the National Production Authority for permission to build and allocation of necessary materials. Bids on the school will be called for as soon as approval of the two agencies is received.

Plans call for the construction of eleven classrooms, a kindergarten, multi-use room, administrative unit and maintenance rooms at a total cost of approximately \$300,000. The schools will be equipped to handle an initial enrollment of

into teams of two persons for the purpose of canvassing all merchants in the Campbell area on their feelings toward the plan.

Tentative plans call for the formation of a corporation similar to that which has been operating in the city of Alameda for over thirty years.

Each merchant to join the organization would be entitled to purchase not more than four shares in the corporation at a cost of \$25 a share. Tentative plans call for the issuance of 100 shares. Sale of shares would be limited to four shares per merchant in order to allow any merchant who so desired to participate in the plan.

Funds received from the sale of the shares would be used to cover the cost of printing stamps and books and initial promotion of the plan.

In Alameda, merchants belonging to the corporation issue one stamp for every ten cents of merchandise purchased. These stamps are redeemable by the customer as cash payment on any purchase made in any store belonging to the organization. Stamps are given only on cash purchases and on bills paid on or before the tenth of the month. In order to redeem stamps on purchases, customers would be required to present a book with 100 stamps in it.

Merchants would redeem stamps which they received as payment for merchandise from the stamp association. The association would withhold a certain percentage of the face value for use as a sinking fund.

Another meeting will be held Tuesday, August 7 at 8 p.m. in the Fire house on Central Avenue, for the purpose of additional discussion of the plan. At that time, it is planned to have figures available concerning the cost of printing stamps, preparing books, cost of promotion, and the cost of incorporating the organization.

Members of the merchants' committee who were present at the Monday night meeting were Leonard Baptist, Frank Accardi, Cel Gerevas, Bob Seligson, Tom Burnett, Bill Means, Mrs. Z. Ray, Dobbie Jeffers and Harold Estensen. Plans for the trading stamp association were originally discussed at a meeting held in the Campbell Press building on Monday, July 2, when members were told of the Alameda plan. The trading stamp plan was started in the bay city in 1921 and members of the association report that it has met with great success.

400 with eventual expansion to 600.

Plans for the Quito School, at Quito Road and McCoy Avenue, are now in the hands of the State Division of Architects and the School Planning board. Permission to build and allocation of materials has been asked of the National Production Authority. Construction on the \$300,000 school is expected to begin in November. Ten classrooms, a kindergarten, a multi-purpose room and an administrative unit will handle an enrollment of 400 with expansion to 600 when increase in enrollment warrants it.

Construction of the Rosemary School, located on Milton, Carlyn and Rosemary Lane in the northwest portion of Campbell is expected to start in October. The school will also house 400 children with eventual expansion to 600.

Buildings will consist of ten classrooms, kindergarten, multi-use room and administrative unit. Total cost of the project is estimated at \$300,000. Plans have been submitted to the school authorities and the National Production Authority for approval.

(Continued on Page 8)

A. E. Brydons Return From Four Months Tour Of Great Britain

Mr. and Mrs. A. E. Brydon returned last Sunday from a four-month tour of England and the eastern and southern portions of the United States. The Brydons, who left New York on the liner Queen Elizabeth during the latter part of April, visited London, Liverpool, Yorkminster, Durham, Newcastle, and toured the states of Alabama, Washington, D.C., Louisiana, Texas and Arizona, on their return trip. They said they were impressed by the high standard of living present among the working classes in England.

Despite the destruction caused by the war and the controls imposed on the people by the present economic crisis, the Brydons stated that most of the people are living a better life than they ever have before. The working man's hours are shorter and he is receiving better pay, the Campbell couple said. "In spite of the rationing of food and the heavy tax load carried by the people, many of them find opportunities to visit France. Principal reason for visits to the continent of course, is the availability of unrationed food and the favorable rate of exchange with the French franc."

The Campbell couple found that most of the larger estates are dwindling away because of the high tax load on them. The Brydons explained that most of the large land holdings are inherited and the high inheritance tax forces the heirs to sell portions of their holdings to pay taxes.

Most of the former slums are being replaced by new housing developments as soon as materials become available. Rebuilding the destruction caused by the war is progressing more slowly though, due to the shortage of materials. In most of the cities, the couple found that the debris of bombing had been cleared but reconstruction of many of the familiar points of interest was lagging.

During their stay, the Brydons

visited the ship building centers of Newcastle and West Hartleypool. They witnessed great activity in the shipyards and stated the industry is filling many orders for foreign countries. They also commented on the fact that most of the manufactured goods are being produced for export and the English people are able to buy only the seconds or rejects of manufactured goods on the domestic market.

"Politically, the trend is toward a change in government. Income and luxury taxes are very high and everywhere we went we found the people complaining against them."

Other points visited by the Campbell couple included a trip to the Festival of Britain. They said that while the displays at the festival were extremely interesting, many of them were far too technical for the average person to fully comprehend. "The English people have gone to great lengths to bring out the resources and ability of the nation as a whole."

The couple also witnessed the building of a cathedral in the city of Liverpool and explained that construction of the edifice has been under way for 50 years and will continue for another 20 or 30 years before completion. When completed, the massive building of red stone will be the largest cathedral in Europe with the exception of St. Peter's in Rome.

The couple also visited Durham Cathedral and told how portions of the buildings and castle surrounding the Cathedral are being used by students of Durham University. They also met and visited several friends and relatives who formerly resided in Campbell. Among them were Mr. and Mrs. George Kolsom.

The couple sailed from South Hampton on July 7 on the Queen Mary. They expressed their impressions of travel on the ship, stating that the speed and passenger facilities on the large ocean liner were amazing and compared their ocean trip to a stay in a large hotel.

On their return to the United States, they visited Washington D.C., and witnessed the changing of the guard at Washington Monument and other of the nation's national shrines. From Washington, they journeyed to Alabama where they visited several friends.

The Campbell couple also visited New Orleans and told of the strange burial methods practiced in that city. Because most of the city is close to the sea level, all persons are buried in tombs above the ground. When a person dies, the family rents a tomb until they are able to prepare one of their own for the deceased member.

Most of the tombs are capable of entombing only one person and when a new member of the family passes away, the body of the last person to die is taken from the tomb and placed in a burial ground behind the tomb.

The couple commented on the oppressive heat in most of the eastern cities, saying that it was not uncommon for a business man to open his desk during a conference and bring out a towel to wipe his face and hands. They stated that all of the places they have traveled, they found the climate of Campbell and certain portions of western Canada to be the most agreeable.

The Brydons, residents of Campbell for 40 years, stated that during their stay in England, they enjoyed only 14 clear days with fog and rain obscuring the remainder of their trip.

Society... Personals... Clubs... Organizations...

William McLarens Celebrate Golden Wedding Date

Mr. and Mrs. William McLaren celebrated their golden wedding anniversary August 1, at their home at 321 Sunnyoaks avenue with an open house in the afternoon followed by a family supper in the evening.

During the afternoon, over 70 guests called to offer congratulations to the couple. Included among the guests were eleven members of the family: Mr. and Mrs. W. P. Gurney, Lloyd Stanley, Mr. and Mrs. Lee Nicholls, Mr. and Mrs. R. H. Hinz, Mrs. Joe Stanley, all of San Francisco, Mr. and Mrs. Charles Hughes of Sonoma, and J. L. Stanley of San Carlos. Other close friends who called included Dr. and Mrs. J. J. McCormick of San Francisco, Mrs. Freida Conner of Edmonds, Washington, and Mary Ross of Mt. View.

The dining room was decorated with sprays of gladiolas and tuberous begonia arrangements. Centerpiece of the lace-covered table was a bouquet of small golden and apricot gladioli flanked by tall silver candelabras with gold candles.

Decorated cakes were served to afternoon guests by Mrs. R. H. Hinz, a niece of the couple. During the evening, guests enjoyed a buffet supper of turkey, ham, salad, cake and sherbet.

For the occasion, Mrs. McLaren wore a black and white silk dress with an orchid shoulder corsage presented to her by the Pandite Circle Club of which she is a member.

The McLarens were married in San Francisco and resided there until moving to their present home on Sunnyoaks. They have one son, William F. McLaren, who passed away twelve years ago.

Mr. McLaren is a retired shoe salesman. He was employed by the same firm for 29 years prior to his retirement.

When asked about their successful married life, Mrs. McLaren said that they owed their happiness to being good pals and being able to share everything.

McLaren is a member of the Masons and is affiliated with the Presidio Masonic Lodge of San Francisco.

Plans Outdoor Picnic Tomorrow

Members of the Moreland school recreation program are planning a last round-up picnic Saturday for families and friends residing in the Moreland school district. The picnic, which will be held on the Moreland school grounds, will start at 4 p.m. and last until 9.

The program will include crafts from 4 to 7 under the direction of Joan Despardins. Dinner will be held at 6 p.m. with the host and hostess, Mr. and Mrs. James Tiffany, supplying coffee.

Movies will be shown following dinner. Baseball and volleyball games will also be held for those who wish to participate.

The program, which is sponsored by the Moreland Recreation Council, is the last of four such picnics held during the summer. Activities for the group during the summer were planned by Harold Easterbrook.

Campbell Garden Club Hears Talk About Sweden

Mrs. Lowell Benson of Campbell told members of the Garden Club of the customs and habits of the people of Sweden at the August 1 meeting of the club in the home of Mrs. Albert Sloan of Hamilton Avenue.

Members enjoyed a potluck lunch prior to the business meeting. The meeting was presided over by Mrs. J. N. Corvello, president. Mrs. R. N. Dunn and Mrs. Henry Parysek, co-chairman of the Garden Club exhibit for the 1951 county fair, asked members for ideas for a theme for the entry.

Mrs. Albert Sloan and Mrs. Jenner made donations of iris to members of the club.

Guests introduced to the members were Mesdames Charles Parson, Clifford Moore, Casta McCleary, and Benjamin Parker. Mrs. Parker is a member of the Reno Garden Club.

Mrs. Lowell Benson, who has just returned from a three month's tour of Europe gave a brief talk to members about the customs of Sweden. She laid particular stress on the types of food and flowers of the nordic country.

Mrs. Emil F. Kollmer, program chairman for the August 15 meeting, announced that the speaker for the next meeting will be Edward Carman of Carman's Nursery.

Lucille Ely Wed To Mark Evans

Lucille Ely became the bride of Mark Thomas Evans in a recent afternoon ceremony at the College Avenue Methodist church in Palo Alto.

The bride, daughter of Mr. and Mrs. Val Ely of Los Gatos and a graduate of Campbell schools, was clothed in white satin covered with white organdy. Her fingertip length veil was held by a pearl-beaded satin crown. Her bouquet was a white orchid nestled in white bouvardia.

Mrs. Patricia Austin of Campbell acted as matron of honor. She was clothed in blue net over a taffeta dress. Her bouquet was composed of Esther Reed daisies in pastel hues.

Bridesmaids were the Misses Roberta Stine of San Jose and Janet Franceschini of Campbell. Their gowns were of Nile green over satin and yellow and pink net over satin. They carried bouquets to match that of the matron of honor. Alaire Clark and Barbara Brown of Palo Alto acted as flower girls, in pink organdy and carrying baskets of rose petals.

Best man was Douglas Miller. Harold Ely, Ray Kelly, Bob Borders and Len Cross were ushers.

Mrs. Ely wore a pink shantung suit with brown and white accessories.

The bride wore a linen chartreuse ensemble with navy blue accessories when she and her husband left on their wedding trip to Big Basin and Idaho. Her corsage was a white orchid.

The bride graduated from Campbell schools and is attending San Jose State College. Her husband is also a student at San Jose. The couple plan to make their home in Palo Alto.

CAMPBELL REGISTER

MISS DONNA SUTTON of Oakland returned home Saturday after spending two weeks with her uncle and aunt, MR. AND MRS. OSCAR J. GRISWOLD of Kenneth Avenue. Donna is the daughter of MR. AND MRS. CHARLES C. SUTTON.

MR. AND MRS. DON WILDER of Sun Valley and children DAVID and JANICE returned home Saturday after visiting a few days with MR. AND MRS. HOMER HYDE. While here Mr. Wilder attended the top management conference at Stanford. He is industrial relations director at Lockheed Aircraft corporation.

MR. AND MRS. RALPH HYDE and children, JERRY, KATHIE and MARTHA left Tuesday for a week's vacation in Yosemite. Martha observed her second birthday on Tuesday, July 31.

MR. AND MRS. J. C. HUMMEL and children, Douglas, Jerry and Gary spent several days vacationing at Forest Glen in Aptos during Mr. Hummel's vacation from the postoffice.

Saturday guests at the home of MR. AND MRS. RICHARD GORDON, Campbell Avenue, were MR. AND MRS. ART TINDALL and family of La Selva Beach, near Watsonville. Mr. Tindall is the former vice-principal of Campbell Union Grammar School.

During the last week, MR. AND MRS. D. J. PENTZER of Kenneth Avenue had as their guests Mr. Pentzer's mother, MRS. A. T. PENTZER of Pasadena, and his sister, MRS. G. N. BEASLEY and daughter, DARLENE, of El Monte.

Recent guests at the home of MR. AND MRS. C. C. VAN GORKUM on Sunnyside Avenue included their daughter and son-in-law, MR. AND MRS. DICK MATTHEW and son, DAVID, and their grandson, ROBIN LINDBERG. Robin is the son of MR. AND MRS. J. E. LINDBERG.

On Monday evening, July 30, MRS. C. C. VAN GORKUM was the honored guest at a birthday dinner given by her aunt, MRS. LOUISE MILLER, at her home on Rincon Avenue. Other guests were MR. VAN GORKUM, ROBERT VAN GORKUM, and MR. AND MRS. NICK HISTOV.

MR. AND MRS. WAYNE LANTZ and daughters, SHARON and LUTITIA, and MR. AND MRS. WILLIAM BURCH and daughter, SUSAN, were dinner guests Sunday evening at the home of MR. AND MRS. C. M. CLEVER on Kenneth Avenue.

MRS. EDNA F. SMITH spent last week in San Francisco visiting with her daughter and son-in-law, MR. AND MRS. KALTER E. KROHN. On Friday, in observance of both Mrs. Smith's and Mrs. Krohn's birthdays, they had dinner at "Little Sweden" and then attended the Ice Follies.

MISS ELAINE ROEBUSH of Boulder Creek spent last week visiting with her aunt and uncle, MR. AND MRS. JOHN BURDA of Kenneth Avenue. Over the weekend, Mr. and Mrs. Burda and children Duane and Carol Ann drove to San Francisco to visit Mrs. Burda's sister, MRS. HERRY HERMONE, and from there the group went to the Russian River.

MRS. DONALD LUKEHART and daughters, GLORIA, 16, and VIVIAN, 11, of Hazel Avenue, spent the week camping at Pinecrest.

PFC. ROBERT FAIRCHILD is now on his way to Korea, according to his mother, MRS. L. C. FAIRCHILD. Robert just completed a ten-day furlough which he spent with his parents, Mr. and Mrs. L. C. Fairchild.

The Fairchild's other son, Harold, is now at home awaiting shipping orders, having arrived home on the troop transport, General Weigel, which docked in San Francisco recently as a machinist second class in the engine room. He expects to leave during the next few days.

Music Students Attend Concert In S. F. Sunday

Forty-seven students of the summer music program journeyed to San Francisco Sunday afternoon, July 29, to hear the San Francisco Symphony Orchestra play in Sigmond Stern Grove. Featured soloist of the concert was Donald Gramm.

Accompanying the students were Mr. and Mrs. Friedman, Mrs. Barr, Mrs. Whittitt, Mrs. Page and Mr. and Mrs. Richard Gordon. The bus for the trip was provided by the Campbell Union Grammar School district. Following the concert, a number of the students were introduced to orchestra members by Richard Gordon, director of the summer music program.

On Thursday morning, August 2, Mr. Orrin Blattner gave an illustrated talk on the trombone for the students, and on Friday, August 3, the students played for other members of the school recreation program. There are 75 students participating in the summer music program.

Mrs. Jerry Mason Feted At Shower

A stork shower was given recently for Mrs. Jerry Mason at the home of Betty Williams on Maple Avenue. Assisting Mrs. Williams as co-hostess was Opal Covell.

Approximately twenty five guests attended the shower. Pink and white colors were used in decorating the rooms. A small pink umbrella surrounded by stocks and sheltering two small figurines of a boy and a girl was placed on a white silk cloth to form the table centerpiece.

Cupertino Youth Club Stages Rally To Tounce Cambrian Market, 10-6

The Cupertino Youth Club continued in the unbeaten column as they trounced the Cambrian Market 10-6 last Tuesday night. The Marketeers managed to knot it up at fourth each in the end of the fourth but the Youth Club bounced back in the last stanza to punch six runs across to the Cambrians' two.

The Youth Club got off to a quick start in the first when they brought in two tallies and held their opponents to a blank. They scored two more in the second and continued to hold the Cambrians to a blank.

The YC'ers got shaken up in the third when the Marketeers swatted two for three more tallies and pitcher Pierce held them with only one hit and a goose egg in the

scoring column. In the fourth stanza, the Cambrian men scored once again as Nunez singled and went to second on Takaha's hit. McFarland brought him in with a single to tie up the game at four runs apiece.

Pierce blanked the Y.C. in the last of the same frame with no hits and no runs. In the last inning, Gripenstraw and Rausch both crossed the plate to bring the Cambrians ahead of the league leading Cupertinoans.

Pierce gave up three walks and three hits in the last of the same frame to give the Youth Club six tallies and the ball game as Griffin, Martinez, Montijo, Jones, Hatfield and Shehan all scored for a winning total of 10-6.

Cambrian Bows To Strong Los Gatos Club, 12-3, On Local Diamond

The Los Gatos Junior Kiwanis dumped the Cambrian Market last Thursday night 12-3 despite a strong first inning for the Cambrians.

The Los Gatos scored a quick four in the first stanza on three walks and a single, but Cambrian Market jumped back when the Larzelere boys both scored for their team. Bill took a single and was followed up by his brother who socked one all the way to bring in the only two runs for their team until the last frame.

Two walks and a hit batter cost the Marketmen three tallies in the second as Paolini, Carmona, and Gilligan all crossed for the Los Gatos hurlers. The Kiwanis blanked the Cambrians with no hits in the second and only one hit in the third as they scored four more on three hits in the third.

In the fourth, the Kiwanis scored one lone run as catcher Johnston took a base on shortstop Moretti's error. J. Larzelere tried to even it up for the Cambrians in the last as he took one on a walk and managed to steal the rest of the way home. But the attempt wasn't enough as Rausch went out when

Main slammed one over to Paolini to nail him on first. Cuttrell fanned and Moretti duplicated Rausch try as Main pegged another one over from second to catch him on first.

VFW Rolls Over Independents 6-0

VFW pitcher Danny allowed the Independents only two hits as he guided his own team over the victory road last Wednesday night to a 6-0 win. The crafty hurler gave up only one single each to the Independents' short stop DuBoise in the first frame and to buck short Taylor in the fifth.

The contest started off with the looks of a pitchers' duel as Independent hurler Aspesi gave up only two hits to his opponents in the first two frames while his own team managed to knock out one safe hit during the same period.

First break in the scoreless tie came in the last of the third when VFW center fielder York swatted a safety for a single and was followed up by second baseman Rusty with another single. Both men crossed the plate for their team but the VFW's were held with no more runs.

The Independents were blanked in the fourth as Olson fouled out, Miller struck out, and Lyons popped a foul out to right fielder McCurdy.

The VFW boys crossed once more in the fifth as Bernal walked and worked his way to cross the plate for the only tally of the inning.

Danny's superior pitching held the Independents to one single in the fifth while his own team scored twice as York and Sargent both crossed for VFWers.

With the score at 5-0, the Independents were blanked for the rest of the contest while their opponents scored one more when Cabral tallied for his team.

VFW Stops Calado

The VFW batsmen continued their winning streak in the second half of the B league to trip the Calado's 10-2 last Monday night. The Calado's, who had been undefeated in the second half of league play until Monday night, couldn't get started until the fourth frame when Mayse crossed the plate.

The VFW boys opened up early in the game when Longenitti and Sargent both scored for their side. The game failed to get rolling after that until the fourth when the Calados scored one and the VFWers tallied twice when Hererra knocked one all the way and Bernal tallied after getting on on first baseman Stuhlman's error.

The VFWers blanked the Calados in the fifth while they managed to cut loose in the last to score six to their opponents' one.

Los Gatos Blasts San Tomas Team 21-1 Tuesday Eve

A series of walks and costly errors gave the Los Gatos Kiwanis a crushing 21-1 victory over a hapless San Tomas team last Tuesday on the local field.

Gardner scored the only run of the game for the San Tomas hurlers as he came in on a single by Epperson after Los Gatos pitcher Boggs passed him.

A series of walks and errors dogged the San Tomasans as they gave up seven runs to their opponents in a one-hit inning.

While held to no hits in the second frame, the Gatans brought across another seven tallies and repeated their performance while holding the San Tomas batsmen to another blank.

While the San Tomasans gave up only four hits in the entire game, costly errors and passes kept the Los Gatos team well in the lead.

Netops Crush Jr. Oddfellows Team

The Netops crushed the Jr. Oddfellows in a wild scoring spree which left the Oddfellows on the short end of a 28-9 score on the local field last Wednesday night. The Netops brought every man across the plate at least once with Mattre leading with two home runs and three other tallies for his team. The Oddfellows were trailing by a 16-9 score in the last when the Netops cut loose to steal six hits from pitcher Rogasch for 12 tallies.

The Oddfellows took the lead in the first when Cabral Zimmerman, Shumway, and Gilpatrick all tallied before they could be retired. The Netops tried to even it up with scores by Mattre, Martin, and Wren, but failed to bring in any more.

Snyder held the Oddfellows to no hits and no runs in the second while his own men managed to score two more to take the lead, 5-4.

Continuing to blank their opponents in the third, the Netops scored three more times to increase their lead.

The Oddfellows finally maneuvered Cabral and Zimmerman across the plate to score two in the fourth but the Netops bounded back to score four more times and bring the total up to 11-6. Blanking their opponents again in the

Jr. Chamber Upsets Hardwaremen 10-8 In Monday Contest

The Campbell Hardwaremen lost a tight see-saw battle to the Jr. Chamber of Commerce hurlers last Monday when the Jr. Chambermen came from behind in the last inning to score six runs and finish the game with a 10-8 victory.

The Chambermen scored early in the game when Hardwaremen hurler Hunt gave up two hits and two walks for a total of four tallies. The Hardwaremen tried a comeback, but couldn't quite score enough to even it up as the frame ended with the Jrs. leading 4-2. Beaubien fouled out to right fielder Hunt while Lipari passed. Azevedo fouled out to right field when T. Oldham stepped up to swat a homer and bring in Lipari and himself.

Pitcher Hunt allowed the Junior two hits in the second, but kept them from scoring as he and Ellison each crossed to knot it up at 4-4. The Hardwaremen pulled ahead in the third when Barton knocked a double to bring it Azevedo.

It looked like the game was all sewed up in the fourth when Oldham hit his second homer to bring in Azevedo and Lipari for a total of three more tallies.

With the score at 8-4 in the first half of the last, the Hardwaremen pitcher lost touch and gave up four walks, one hit, and hit two batters to give the Chambermen six runs.

On the tail end of a 10-8 score, the Hardwaremen couldn't seem to get rolling as F. Oldham fouled out to buck short and hurler Harkey fanned Ellison. Hunt fouled out to third baseman Ambler to end the game and the Jr. Chamber boys walked off the field 10-8 winners.

LEGAL NOTICE

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that the County Planning Commission of the County of Santa Clara, State of California, did, by a resolution of said Commission adopted on the 20th day of June, 1951, propose certain amendments to the Zoning Ordinance, Ordinance No. 120 of the County of Santa Clara, and did declare it to be its intention to consider said proposed amendments in the manner provided by law, which proposed amendments are as follows:

To amend Sectional District 10-y of the Eleventh Unit of the Zoning Plan to reclassify certain property from an R-1-B-D and R-1-A-B-D zone to a C-1-H zone, said property located on the easterly side of San Jose-Los Gatos Road between Camden Avenue and Redding Road, a more detailed description of which is on file in the Office of the County Planning Commission.

NOTICE IS HEREBY FURTHER GIVEN that the Commission did set certain times and places for public hearings on said proposed amendments at which times and places any and all persons interested in said proposed amendments may appear and be heard thereon, which times and places are as follows, to-wit:

At the hour of 2:00 P.M. on the 22nd day of August, 1951, in the Board of Supervisors Chambers at the Court House, San Jose, California.

MRS. CONSTANTINE RAMSEY, Oakville, former Finnish baroness now naturalized citizen — "American friendliness is wonderful. People in other countries have been unhappy to long they have forgotten how to be friendly."

American Business Behind The Scenes

By REYNOLDS KNIGHT

Although the nation's defense manufacturers are much concerned about the state of the labor force, retailers and makers of consumer goods can be cheered by the fact that employment apparently is headed for a new peak.

More wage earners mean more spendable income. So, despite current moaning about overstocked inventories, and a slump in "scare buying," the long-term outlook for those who supply necessities and minor luxuries seems to be good and solid.

The outlook for operators of defense plants, on the other hand, is somewhat clouded by the labor picture. The higher employment climbs, the lower is the pool of available workers. Many large industrial firms are avidly seeking means of enticing more workers to their plants and of holding on to those they have.

PENSIONS PAY—Ask almost any worker what word best symbolizes his working goal today and the answer probably would be "security." Proof that business is doing something about providing worker security is afforded by the postwar growth of industrial pension plans. Just ten years ago 700 "qualified" industrial pension plans were in operation in this country.

Today there are more than 13,000. The labor-relations value of a sound pension plan is being demonstrated at Fort Madison, Ia., home of the W. A. Shaeffer Pen Company which has had just one strike since its founding in 1913. That was a mere three-hour work stoppage, way back in 1918. The Shaeffer pension plan was started eight years ago, and in that time the company has contributed \$1.11 to the pension fund for every dollar put in by employees. Any Shaeffer employee with five or more years service is eligible to participate, instructing the company to deduct a certain percentage of his pay and put it in the pension fund. The company contributes 10 percent of its annual net earnings in any year earnings top \$500,000. Employees who retire or withdraw from the fund after five years' participation get back not only all their own contributions but all of the contributions the company has made to their share of the fund. More than 95 percent of all eligible Shaeffer employees are participating.

THINGS TO COME—A boon for those seeking non-bulky luggage is being imported by a New York firm. It's an all-steel portable typewriter only an inch-and-a-half in thickness, complete with "brief case" weighing only 8½ pounds. Plastic makers continue to think up new ideas. One of the newest is ordinary closet-type coat and hat hooks coated with a plastic that keeps clothing of all kinds—even silks and starched shirts—from slipping off. . . . Another is a first-aid kit case that is unbreakable and impervious to moisture and salt air, making it ideal for beach and boat and camping trips. . . . Still another is a plastic paint that seals concrete and cinder-block walls against dampness. . . . New gadget to amuse the kids is a scale-model surveyor's transit for youngsters who show a bent towards civil engineering.

SALES PUSHES—Although pleased with the favorable long-term outlook, manufacturers and retailers are intensifying their emphasis for catching consumer interest, some old and some new, are being used to stimulate product movement.

For example, one of the most extensive product promotions ever undertaken for an auto polish has been launched by Johnson's Wax. A nationwide contest is being held to select a name for a European-type sports car costing \$25,000 which will be presented to Ted Williams of the Boston Red Sox at the end of the baseball season. Top prizes will be all-expense trips to World Series games, with lesser prizes of cash, baseball equipment and bracelets.

BITS O' BUSINESS—The Civil Service Commission has reported that an increasing number of government workers are leaving their posts to take jobs in private industry. . . . A survey by the National Association of Real Estate Boards shows that available commercial and office space will get scarcer during the rest of 1951. . . . Los Angeles Furniture Mart reported buying was off about 40 percent at its summer furniture market compared with last year's show. . . . Defense Solid Fuels Administrator Charles W. Connor has warned that a critical shortage of hopper and gondola cars needed to move coal by rail is threatened this fall.

California has approximately one million licensed anglers, second largest number in the Nation.

CTA ANNOUNCES S. C. SCHOOL TAX

Major support of the public schools in Santa Clara county during 1950-51 came 58 percent from property tax, and 42 percent from state-collected taxes, California Taxpayers' Association reported today.

Property tax levy for the public schools in the county reached \$8,345,353 for the year.

State apportionment amounted to \$6,088,568 for the year. Throughout the state, public school district support from property taxes in 1950-51 was 59 percent of the \$526,470,248 total of property taxes and state apportionments.

Property taxes levied for school districts in California for 1950-51 amounted to \$311,486,511.

State apportionment for public schools reached an all-time high of \$214,938,737 during the year.

"Local property taxpayers carry a heavy share of the cost of the public schools, even with the large amount of state support," the Taxpayers' association pointed out. "The size of the local school budget will determine the size of the property taxes for schools which must be levied for 1951-52 — the tax bill property owners get next November."

"Final action on public school budgets for 1951-52 must be taken by local boards of education early in August," the Taxpayers' association said, urging taxpayer participation in public hearings on school budgets, which state law requires be held during the first week of August in most districts. "Economy early in August will pay off in November — in lower taxes on property," the association declared.

Button Display Held Next Week

An expected \$150,000 worth of antique buttons will be on display at the San Jose civic auditorium next week when the Santa Clara county antique button association presents its annual show.

The show opens at noon on August 10 and will run till August 12 closing at 9 p.m. Admission is \$1.00 for season tickets or 50c for single admission.

On August 10 a meeting will be held by the association

Begin Plans For S.C. County Fair

The Santa Clara County Fair with its many new and improved facilities and its attendance increase of 90,000 claims to be the fastest growing event in the western states. The even bigger and better 1951 Santa Clara County Fair promises to prove this claim.

With less than seven weeks until the opening of the fair, work of preparing the fairgrounds for the September 10-16 show is in full swing. In anticipation of the annual seven days of exhibits and entertainment, activity is being speeded up to put fair facilities in top shape for the big show. Dominating the 167-acre fairgrounds is the \$500,000 grandstand from which fairgoers will view stage and track events.

Plans are being made to present a number of outstanding acts on the 80-ton portable stage. Sulky and quarter-horse racing events will be held for track enthusiasts. Holding pens and chutes are being readied for rodeos and horse shows.

More About 5 New Schools

(Continued from Page 1)
Also slated for construction are two additional kindergarten rooms at Moorpark, three at Campbell, a new district administrative unit on the site of the old unit at the Campbell school, a multi-purpose room at San Tomas and completion of classrooms already under construction there. Completion of work at the Moorpark school will be held up until settlement of litigations pending hearing in the appellate court.

Other work at the Campbell school includes plans for an additional shop room and two music rooms and the completion of a new cafeteria and conversion of the old cafeteria to an auditorium.

One of the five schools originally planned, which would serve the Orchard Park area, is being held up because of curtailment in domestic building due to the Korean War.

Camp Fire Girls Get Awards For Rank Advance

Twenty-nine awards for advancement in ranks have been presented to Camp Fire Girls in Campbell and the surrounding areas. Those who have passed the first rank of Trail Seeker are Dorothy Menter, Georgianna Kemp, Donna Lee Farnworth, Amy Belle Rhinehart, Abbie Falco, Marion Lemon, Maureen Hanahoe, Janet Madruga, Shirley Turner and Jackie Furr, all of Mrs. Charles Turner's group from Moorpark school.

Those girls receiving the same award from Mrs. David Baxter's Campbell group are Jimmie Lee Prout, Donna Lenz, Louetta Hammonds, Sherry Robinson, Beverly Strickey, Sheila Gerevas, Carol Titus, Patricia Baxter, Carol Hansen, Kathryn Hartman, Ronda Benson and Nancy Hertrick.

Those girls who have passed their second rank are Janet Meckler, Gay Williamson, Nancy Schraub, Joanne Brusin, Barbara Baumgartner, Joan Farley, Pat Rappe, Mary Lou Morgan, Florence Edwards, Marcia Poore and Ellen Youngren. The girls are in the Campbell group sponsored by Mrs. Joseph Meckley, C. F. Williamson, Fred Schraub, and Ernest Farley.

Ten girls from Mrs. Jack Marlett's Campbell group have completed their fire makers rank. They are Ellen Stepovich, Nancy McElvogen, Joy Diach, Yvonne Rappe, Marilyn Perata and Jean Minehart.

DICK CONTINO, convicted draft-dodger, in S. F. jail—"I feel I would achieve the greatest victory of my life if I could go into the army."

Admission Group For Blind School Holds Meeting

The first meeting of the advisory committee for the Santa Clara County School for the Blind to be conducted in Campbell this fall was held here last Thursday afternoon. The committee discussed methods and principles of admission to the school.

Members of the committee attending the meeting were Dwight M. Bissell, San Jose city health officer; Mrs. Helen Peterson, coordinator of instruction for the district; Dr. Nan Allan, supervisor of guidance and special services; Dr. Barbara Bruch, psychologist specializing in special services for the San Jose unified school district; Mrs. Florence Gilmore, instructor of the class and William C. Henley, superintendent of the Campbell school district.

Services Held For A. M. Scholk

Last rites were held Monday for Aloy M. Scholk, 56, of 550 North San Tomas Road. Scholk died Sunday following a short illness. Scholk, a Campbell resident for the last five years, was a former automobile dealer. He was a native of Wisconsin.

He is survived by his widow, Mrs. Ruth L. Scholk, a daughter, Patricia Williams of Santa Cruz, and a son, Robert Wray Scholk of Susanville.

Funeral services were held at Krug Memorial Chapel with requiem mass at St. Lucy's Catholic Church. Interment was at Santa Clara Catholic mausoleum.

"He said, 'If you really want a deer, I suggest that you stick to a rifle.'"

Brown's kill brought him \$30 which was being offered by the Lucky Drive-In for the first deer of the season. The buck dressed out at 59 lbs.

Radio Evangelist To Speak Here

Radio evangelist J. L. Tucker of Oakland, sponsor and producer of The Quiet Hour radio broadcast, will be in Campbell Saturday, August 4, where he will conduct two services at the Campbell Seventh-day Adventist Church at Fourth & Rincon. The Quiet Hour radio group will take charge of the service at 11 o'clock Saturday morning and again at 5 o'clock in the afternoon. Mrs. J. L. Tucker will accompany her husband, who is the speaker for the group. The wives of the other staff members will also be present.

Thirteen years ago last January, Evangelist J. L. Tucker began broadcasting The Quiet Hour program in Portland, Oregon. He also sponsored the "Friendly Neighbor" radio program, using a cast of nine members. In the fall of 1943, Pastor Tucker came to the Bay Area as pastor for the Berkeley Seventh-day Adventist church, and originated The Quiet Hour program from there.

During the years that have followed, the personnel of the radio group has changed from time to time as staff members were called other duties as evangelists, pastors and teachers in other sections.

When Elder Tucker was appointed pastor of the new Grand Avenue Seventh-day Adventist Church of Oakland, his son, Evangelist L. E. Tucker and wife of Idaho, moved to Oakland to assist in the pastoral work of that large church and also to aid in the radio work as assistant speaker on the Quiet Hour program. In addition to his other duties, Evangelist J. L. Tucker has written a number of books. The staff also publishes each month an eight page paper called The Quiet Hour Echoes, which contains a sermon, news of the prayer league, and some of the poems and thoughts used on the radio broadcast.

County To Hold Janitor School

A janitor custodian training institute for the purpose of familiarizing school custodians of the Santa Clara county schools with janitorial work will be held for three days starting Monday, August 6, on the Campbell Grammar School grounds.

The program, under the direction of the county superintendent of schools, will instruct custodians of schools in Santa Clara county in the general maintenance and repair of schools. The courses, under the direction of L. I. Thompson, coordinator of the janitor and custodian institute and building maintenance of the Los Angeles City School department, will include instruction in such courses as the finishing of wood floors, the cleaning and maintenance of all types of floors, toilet sanitation, soap and cleansers, work schedules, public relations and personal appearance and conduct.

Frederick LeRoque, loaned to the county by the Los Angeles City schools garden department, will conduct a series of courses on pruning shrubs and trees, pest control, and fertilizer. LeRoque has been with the Los Angeles school department for 12 years. He owns his own nursery and has taught landscaping and gardening to adult classes.

To date, 76 custodians of Santa Clara county schools have signed up for the institute and enrollment is expected to swell to 100 by the opening of the school next Monday. The course is voluntary and open to any custodian of Santa Clara county schools.

JOHNS JEWELRY HAS BEEN SOLD TO MR. PETER BLISS

I wish to thank my old customers for their patronage and consideration during the time that I have been in business in Campbell. I have had to ask Mr. Bliss to take over the business sooner than I had expected because of illness. He assures me he will continue the same policy I have maintained. It is my sincere desire that my former customers give Mr. Bliss the same fine support they have given me in the past. All repair work left with me is still at the store and may be called for there.
